Mission Action Planning: Engaging with Your Local Community

How are you already engaging with your local community? E.g. schools work, food bank, lunches for older people. How are individual people within your congregation engaging with the wider community? E.g. school governor, local councillor, shop assistant, interest groups, social networks.

Where is the church making a real difference in people's lives?

List as many organisations/agencies in the parish as possible and then tick the ones where there could be potential for working in partnership?

Are there particular areas that you feel called to focus on in your mission action plan?
